

17500 N US HWY 441 • Reddick, FL 32686

Our Goal

- To provide a user friendly, full schooling facility that is open year round.
- To run at least one USEA recognized date (confirmed for March 2017) in the height of the winter circuit.
- We will offer 8 Schooling shows per year, plus Derby's and Cross Country events.

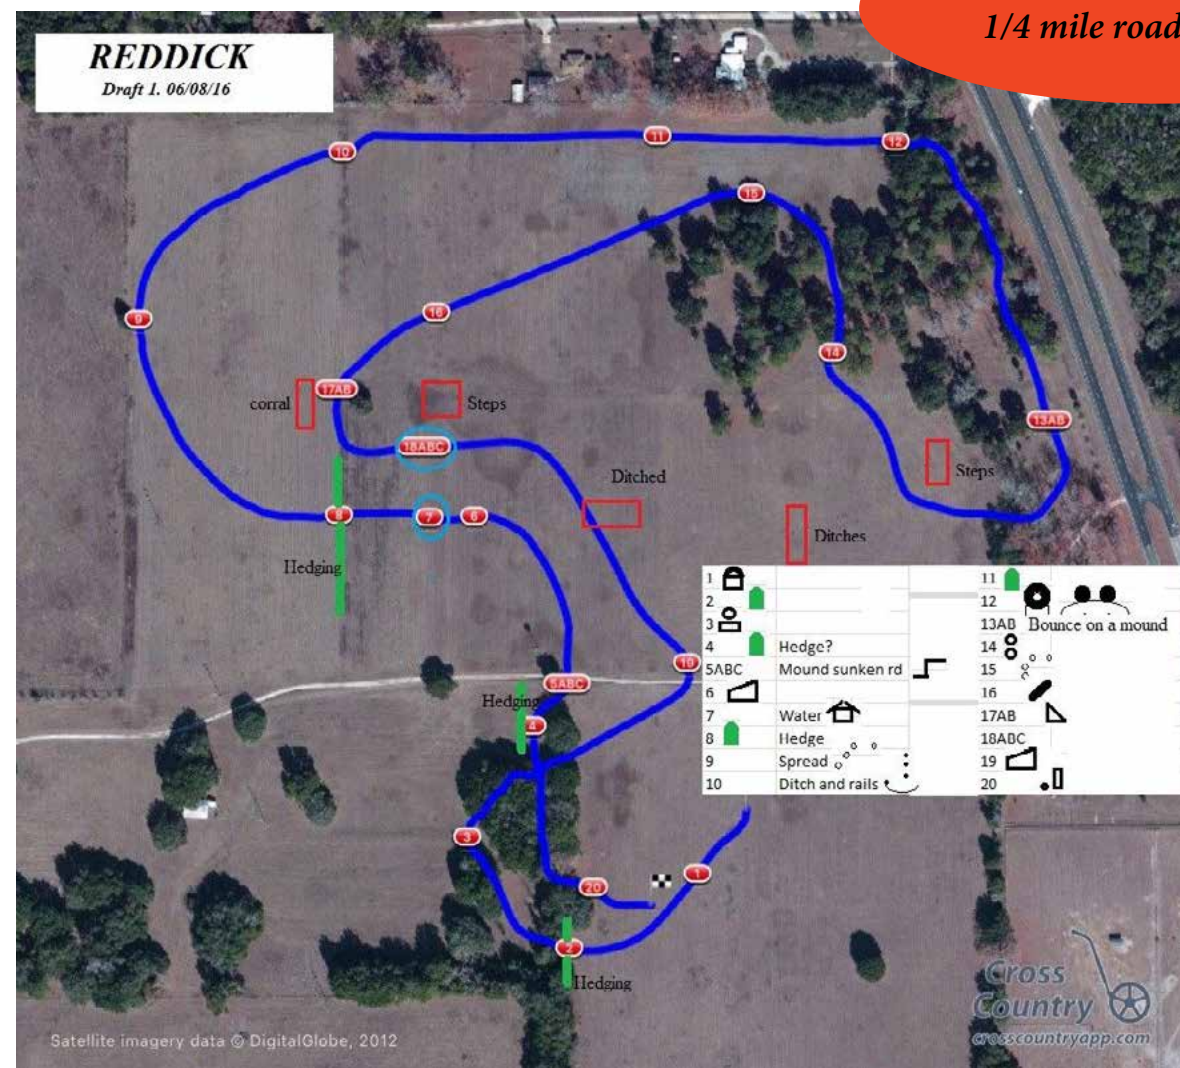

Exmoor will be a great addition to the existing venues in the area (The Florida Horse Park, Rocking Horse & Three Lakes as well as the FEI event at the Ocala Jockey Club) and is specifically located to offer training and competition facilities to those in the NW Ocala/Gainesville area, forming a perfect triangle for the convenience of competitors who desire a full circuit of events and facilities in our area!

Proposed Course

Designer: Hugh Lochore

Builder: Todd Richardson

(Advertisers note
1/4 mile road frontage)

PAYMENT OPTIONS

Your payment to our venue – will allow us to build a better, more desirable facility for our community. As Ocala grows, it is important to offer variety, diversity and QUALITY. The more people that want to come to our town to compete and train – the more business we will all do!

This is not a begging letter: It's an opportunity to promote yourselves amongst the equestrian community in an affordable way.

Although payments in cash are preferred (our build is budgeted for \$100,000) - we can accept some payments in product, which we can distribute as prizes or use in our barn as a sponsorship towards Daisy and her team of horses.
